9:00 A. M. - INTERNAT'L. SHORTHORN CONGRESS SALE
International Sale Pavilion, Stock Yards

Catalog Lithographed By MWM Color Press, Aurora, Mo.

STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

Information for the Buyer

LOCATION: Sale will be held in Stock Yards Sale Pavilion South of 43d entrance to yards.

MAIL BIDS: Those unable to be present who desire to take advantage of the buying opportunities in this sale may rest assured that mail or wire bids will be honestly and faithfully executed. Any of the following competent men will be happy to handle buying orders for you.

Representing AMERICAN SHORTHORN BREEDERS' ASSOCIATION

Allan C. Atlason - Clem Larson - Ted Aegerter - Ralph Heinemann
Carl O. Parker - Ed Huff
Representing THE SHORTHORN WORLD, 16 South Locust St., Aurora, Ill.
Hal Longley - Merv. Aegerter - Don Longley - All Hamann

SHIPPING ARRANGEMENTS: It is the obligation of the consignors and this Association to see that all cattle are properly loaded on cars or trucks as directed by the buyers for immediate shipment. Cattle will be at buyer's risk as soon as bid off, but every precaution will be taken to see that animals arrive in sound and healthy condition.

BE SURE TO LEAVE DEFINITE SHIPPING INSTRUCTIONS WITH THE SALE CLERK

LIABILITY: Although every possible precaution will be exercised to protect the safety and comfort of guests of the show and sale, neither this Association, nor its representatives, nor the auctioneers or clerks, can assume any liability for accidents.

TERMS: The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction.

INSURANCE: Coverage may be secured effective at the time of sale.

GUARANTEE: All animals sold in this sale will be backed by the Standard Guarantee endorsed by the American Shorthorn Breeders' Association, which is printed in this catalog.

AUCTIONEERS: J. E. Halsey, Des Moines, Iowa.
C. D. Swaffar, Tulsa, Oklahoma.

HEADQUARTERS: Conrad Hilton Hotel in downtown Chicago. Write direct for accommodations. Be sure to mention this Association.

Allan C. Atlason, Secretary,
AMERICAN SHORTHORN BREEDERS' ASSOCIATION
7 Dexter Park Avenue, Chicago 9, Illinois.
Phone Yards 7-0363.

December 1, 1954

1953 INTERNATIONAL GRAND CHAMPION BULL

VIKING 4TH, sired by Wheatland Viking - Grand Champion Shorthorn bull of the 1953 International Livestock Show. Shown by W. T. Bennett, Oakville, Washington and Henry Fisher, Belmont, Washington.

This two-year-old by no means came to the International unheralded, for he had been Grand Champion bull of the 1951 and 1953 Pacific International Shows at Portland, Oregon, as well as the 1953 Ogden Stock Show.

He had a grand head, was deep and thick-bodied, short-legged and smooth. He sold for \$10,000 to Edwin B. Mead, Far Reach Ranch, Mount Dora, Florida.

No price is too high to pay for the right bull. Every bull in this sale will be right for some herd and the top-selling bull will be none too high for a herd of Superior quality females of right type and conformation.

CAMSON COCK ROBIN 11TH - Rarely does the opportunity arise to purchase a tried and proven sire, and only since the arrival of our white imported bull, Crieffvechter Laban, would we have parted with Cock Robin. His calves are very promising - we plan to retain his heifers in the herd and one of his bull calves will be shown as a junior calf at the International. This bull has all the necessary qualities of a herd sire and, with as many prominent Scotch Short-horn sires in his pedigree, his proven ability is no accident.

ELCONA ROBIN ELVIN - The sire of this bull is a son of Cruggleton Elvin, one of Bertie Marshall's most valued herd bulls. All ancestors of Elcona Elvin, shown in the pedigree, were Marshall bred except one, Ascreavie Duthie, a famous bull in his own right. In the Cruggleton Dispersion, fifty-nine Shorthorns, sired by five immediate ancestors of Elcona Elvin averaged nearly \$1800. Hiland Crimson May is one of the best cows in the Elcona herd. One daughter sold for \$1125 and a second has been retained in the herd.

Stock Yards, Chicago, Ill.

We're Proud of

this Great Annual Sale

Yes, we're proud of this great annual International Shorthorn Congress Sale, Why? Because through the years it has become installed as the greatest consignment of the year for the really herd-building kind of cattle. Many a great herd doing top business in Shorthorn cattle today can trace its real beginning to foundations purchased in the International Sales.

This year consignors are back with greater quality than ever before. It is the finest consignment of Shorthorns of Championship caliber ever assembled for auction in present day experience. You can't go wrong with a foundation herd selected from animals offered in this sale. **BUY IN THE PURPLE!**

W L BANK STANDARD 8TH - We are quite proud of this bull and like most sons of N-Bar Prince, he has plenty of bone and quarter. Reserve Champion bull at the Iowa State Fair. A full sister won her class at the 1953 International. We also have another full sister which we will show as a late junior calf for your inspection.

December 1, 1959

Greater Profits

Commercial cattlemen and feeders are acutely aware of the higher returns made from their operations if they are using improved beef cattle. They know it takes cattle with the ability to make economical and efficient gains to return the greatest net profit.

It behooves the breeder of purebred cattle then to take stock of his "tools of the trade" because he plays a role of vast importance to the improvement of beef cattle. His task is to produce the type that are easy-fleshing, smooth and thick, with early-maturity demanded by commercial cattlemen.

What better time is there to consider your herd bulls and breeding females? Do they produce for you the type in rigid demand today? Do they possess the qualities which are characteristic of an efficient beef plant? Your road to the correction of the faults which you recognize in your breeding program leads to the CONGRESS SALE. There you will find bulls and females exhibiting the requisite features necessary to the advancement of your herd into a more profitable operation.

JOHN A. WIELAND

Stock Yards Chicago Ill.

YES, THERE'S A SHORTHORN IN YOUR FUTURE!

The fruit of the labors of the master breeders who developed Shorthorns to their modern appeal and utility bestows simplicity to anyone who would further expand this great breed. The task of development was fraught with problems, yet the unyielding faith and profound devotion to principles, constant attention to selection and matings, and application of practical production methods, as were felt and practiced by those breeders, are modern-day reminders that we face the future full of confidence - - but without complacency.

Yes, there's a Shorthorn in your future . . . a bull with massiveness, character, bred-in-ability as a sire and possessor of beef-making capacity, weight-for-age, easy and rapid fleshing, and a frame to carry it. You'll find him in the Congress! Females, whose capacity as mothers is unsurpassed, modern in every feature and backed by celebrated ancestry. You'll find them in the CONGRESS too!

HENRY H. KNIGHT

Dk. Roan, C. S. Carruthers

WISTONIA ELIZA 2D - Is as smooth, level and good headed as they come. A beautifully bred Eliza and mated to the sire of the top selling female in the 1953 International Congress.

1953 INTERNATIONAL GRAND CHAMPION SHORTHORN FEMALE

RINGWELL ORANGE TALISMAN, Supreme Champion and winner of the British Challenge Trophy at the 1953 International Livestock Show, Chicago. She is sired by Edellyn Royal Leader 114th and out of Beaufort Orange Talisman, bred by Mr. and Mrs. James C. Ewell, Ringwell Farms, Ringwood, Illinois.

This remarkable heifer headed the Junior Yearling class of 29 entries, one of the best in the show, on her way to the Junior and Grand Championship. She had a record to uphold, which she did as only a Champion can. Popular in 1952 as a junior heifer calf at the International, where she was awarded the Reserve Grand Championship, she was again popular with both the judge and the ringside attendance as she bested a field of 129 females. She was a heifer with much depth and thickness and was brought along in true championship form.

M. W. SMITH

FEMALE

MAR-BEL MISS RAMSDEN 2792-135 LE-5310

GUIDEPOSTS TO SUCCESS

Rate of gain assumes far greater importance in the livestock industry today because in these times efficiency and economical gains are the significant guideposts to success and profit for owners of beef cattle.

Shorthorns have proved their right to leadership in the field of rate of gain thru a series of tests conducted in several different localities. Without exception the reported results of performance testing gives Shorthorns, both bulls and females, a distinct advantage over other breeds in total gains and average daily gains. Individual tests conducted by owners within their own herds result in the same sort of evidence and give impetus to the Experimental Station findings.

No wonder then, there is the strong swing to Shorthorn bulls on the range to give the added qualities of beef-making to calves. It's easier to breed the beef making character into a herd than feed it there. Bulls capable of accomplishing this job, as well as foundation females, have been selected for this sale and the opportunity for continued improvement awaits you at the Congress!

T V SYLVIA CROCUS 2D - Is a well balanced, dark red daughter of Twin Valley Banker and out of a Promoter's Command dam. In nine major shows she won her class seven times and was Reserve Junior Champion at the Kansas State Fair in Topeka.

State Fairs, Chicago Ill.

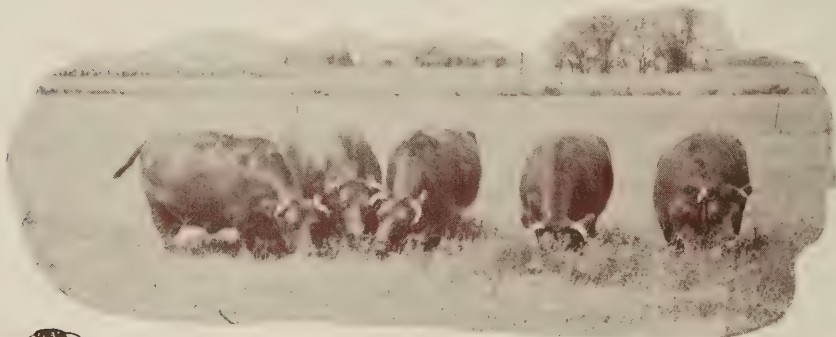

GRASS TO MILK . . .

TO BEEF . . .

With Shorthorns profit to the buyer becomes profit to the breeder . . . a solid foundation for an enduring livestock operation.

There is no exact formula for lasting success in the beef cattle business. The things, however, that contribute most to such success are the prepotent characteristics that have been bred into Shorthorns for centuries. Ability to economically convert farm produce into profitable returns is one of their chief assets.

Cows like these mean steady, reliable year-in-year-out profit for their lucky owner. There is always a dependable market for Shorthorn seed stock. Check the attractive returns per acre from Shorthorn females like these against any farm program available today.

HOMER CLAUSEN

FEMALE

MAXINE GOLDIE 2804-303 RE-C129

Dk. Roan, calved March 3, 1954. Bred and Owned by Homer Clausen, Spencer, Iowa.
